

**Fund for Veterans' Assistance**

**Electronic Grant Management System  
(EGMS) – Webinar #4**

---

**22-23 Grantees**  
**Seeking Renewal for 23-24 Grants**

1

**Purpose & Agenda**

---

Purpose: Share important information to 2022-2023 grantees (who are seeking renewal based on performance) for the next grant period, 2023-2024

---

Agenda:

1. New TVC Grant Portal capabilities & limitations
2. Which current grants will be competing to Renew for 2023-2024?
3. Your current grant project: *Is it good (as is) for next grant year?*
4. Amendments needed?
5. What if...?

2

## New TVC Grant Portal

---

1. ONE organization profile
2. Primary & Secondary Moderators (1 or 2 grant projects)
3. Moderators can create multiple users relative to the organization and grant project(s)

Grant information cannot migrate from current GovGrants system to new TVC Grant Portal system.

3

3

## New TVC Grant Portal

---

1. Application portal opens for 2023-2024 Grants on or after 10/5/2022 – **open for 60 days**
2. All current grantees **required to register an account and submit a grant application for 23-24 in new system** during the application window – regardless of your status this year (Awarded or Renewed Grant)

4

4

## This Year Only – Grantees Seeking Renewal Must...

If you want to be considered for renewal, **REPLICATE** your grant project budget, scope, and beneficiary **AS IS** in the TVC Grant Portal.

*\*Must be an exact replication of your current approved grant project.*

If you **do not** want to be considered for renewal in your current grant program (GA, VMH, VTC, H4TH) - TVC requires a signed letter from your signature authority stating your decision to withdraw from renewal consideration for the 2023-2024 grant period – for that grant program.

*\*The non-consideration letter will be presented to the Commission during the May Commission meeting.*

5

5

## Grantees Seeking Renewal

These **96 Grantees** applied for 2022-2023 grants and were awarded by the Commission in May 2022.

*Per the RFA, these 96 grantees are INELIGIBLE to apply for a grant in 2023-2024 because they must meet renewal criteria specified by the Commission. If renewed in May 2023, they will be renewed one time for one additional year.*

For the New TVC Grant Portal:

1. Data cannot be migrated from current to new system.
2. Even though these 96 grantees are ineligible to apply for a new grant, they **must create** an account and replicate their current grant project – just as if they were applying for the first time.
3. The application (replicated from current grant) will not be included in the application review process.
4. If/when the organization meets the renewal criteria per the RFA and the Commission approves renewal, the “replicated application” will be fast-forwarded to negotiation phase as a renewed grant.

## “Replicated Applications”: Amendment Scenarios

---

1. Grantee wants to replicate current grant as an application but wants to change the budget (more staff, more salary, more client services, less other direct, etc). **AMENDMENT**
2. Grantee wants to replicate current grant as an application but wants to add/subtract counties to be served, or veteran discharge statuses, or add/remove dependents & surviving spouses. **AMENDMENT**

9

9

## “Replicated Applications”: Non-Amended Scenarios

---

1. Grantee wants to replicate current grant as an application but for **less than the current amount** because the 2023-2024 RFA limits amounts.  
*Solution: Re-work budget to the lower grant amount allowed and submit application that meets RFA requirements.*
2. Grantee wants to replicate current grant as an application but for **less than the current amount** because GovGrants did not allow increments of \$5K for grant amounts requested. Example: Grantee needed only \$270K but had to apply/accept \$300K for this grant period.  
*Solution: Re-work budget to the lower grant amount and submit application that meets RFA requirements.*
3. Grantee wants to replicate current grant as an application to be considered for renewal. Grantee also wants to apply for a SECOND GRANT in a different program.  
*Solution: FIRST, ensure that current grant is replicated and submitted IAW RFA requirements. SECOND, create a second application for the next grant program and submit when completed.*

10

10

## Funding Amount Limits – Section IV of RFA

Pg. 23

I. **Funding Amounts per Grant Programs.** Eligible Applicants can request funding in increments of \$5,000 when their grant-funded services are provided at the local, county, regional, and state-wide levels. See table below.

Funding Amount Requested	Veteran County Service Office grants	Veteran Treatment Court grants	General Assistance grants	Housing for Texas Heroes grants	Veteran Mental Health grants
\$5,000 - \$300,000	County-level Services in GA (or) H4TXH (or) VMH	County-level Veteran Treatment Courts	Local, County, and Regional Applications	Local, County, Regional, & Statewide Applications	Local, County, Regional, & Statewide Applications
\$5,000 - \$400,000	N/A	Regional Court (2 or more counties)	N/A		
\$5,000 - \$500,000	N/A	N/A	Statewide		

11

11

## “Replicated Applications”: Not Considered

1. Grantee wants to replicate current grant as an application but for a **higher total grant amount**. **Will not be considered.**
2. Grantee wants to replicate current grant as an application but for a different service category within the same grant program. **Will not be considered.**
3. Grantee does not want to be considered for renewal in their current grant program. Instead, grantee wants to apply for a different grant program.

*Solution: Grantee obtains letter from signature authority declining consideration for renewal FIRST, and then creates application for different grant program that meets RFA requirements.*

12

12

## Application Guidelines – Section IV of RFA

---

Pg. 22

**D. Number of FVA Grants per Organization.** Applicants can submit one application per grant program, for a total of two grant applications for all grant programs announced in Part II of this RFA. Applicants may only be awarded a maximum of one grant per grant program, and a maximum of two grants for the term of this grant. Organizations may not have overlapped or concurrent grants in the same grant program during one grant period.
