TEXAS VETERANS COMMISSION

December 13, 2023

Honorable Greg Abbott, Governor Honorable Glenn Hegar, Texas Comptroller Jerry McGinty II, Director Legislative Budget Board Lisa Collier, State Auditor

Dear State Leaders:

We are pleased to submit the annual financial report of the Texas Veterans Commission for the year ended August 31, 2023, in compliance with Texas Government Code Annotated, Section 2101.011, and in accordance with the requirements established by the Texas Comptroller of Public Accounts.

Due to the statewide requirements embedded in **Governmental Accounting Standards Board (GASB) 34**, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the state auditor as part of the audit of the State of Texas *Comprehensive Annual Financial Report* (CAFR); therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

If you have any questions, please contact Doug Rozunick at (512) 463-1061. Mr. Rozunick may also be contacted for questions related to the Schedule of Expenditures of Federal Awards.

Sincerely,

Thomas Palladino (Dec 13, 2023 11:26 CST)

THOMAS P. PALLADINO Executive Director 512/463-2189

Unaudited

NOTES TO THE FINANCIAL STATEMENTS

Entity

Texas Veterans Commission is an agency of the state of Texas and its financial records comply with state statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts' Reporting Requirements for Annual Financial Reports of State Agencies and Universities.

Texas Veterans Commission serves the state by providing services that will significantly improve the quality of life of Texas Veterans and their families.

Due to the statewide requirements embedded in GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the state of Texas *Comprehensive Annual Financial Report*; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

Fund Structure

The accompanying financial statements are presented on the basis of funds, each of which is considered a separate accounting entity.

Governmental Fund Types and Government-wide Adjustments Fund Types General Revenue Funds

The general revenue fund is used to account for all financial resources of the state except those required to be accounted for in another fund. As of Sept. 1, 2009, the Texas license plate account was consolidated into general revenue fund. The Texas license plate account was previously presented as agency funds.

The Fund for Veterans Assistance (fund 0368) - This fund was established to enhance or improve veterans' assistance programs and make grants to local communities to address veteran needs. Revenues are obtained from veteran scratch off lottery game and gifts contributed to the fund.

Capital Assets Adjustment Fund Type

The capital assets adjustment fund (fund 0099) will be used to convert governmental fund type capital assets from modified accrual to full accrual.

Long-Term Liabilities Adjustment Fund Type

The long-term liabilities adjustment fund (fund 0098) will be used to convert governmental fund type debt from modified accrual to full accrual.

Fiduciary Fund Types

Fiduciary funds account for assets held by the state in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds.

Agency Funds

Child Support (fund 8070) accounts for employee deductions for child support. US Saving Bond (fund 0901) accounts for employee contributions to purchase savings bonds.

TexaSaver 401(k) trust (fund 0942) accounts for tax-deferred portions of salaries of state employees in accordance with the provisions of IRC Section 401(k).

Basis of Accounting

The basis of accounting determines when revenues and expenditures or expenses are recognized in the accounts reported in the financial statements. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

Governmental fund types that build the fund financial statements are accounted for using the modified accrual basis of accounting. Under the modified accrual basis, revenues are recognized in the period in which they become both measurable and available to finance operations of the fiscal year or liquidate liabilities existing at fiscal year-end. The State of Texas considers receivables collected within sixty days after year-end to be available and recognizes them as revenues of the current year for fund financial statements prepared on the modified accrual basis. Expenditures and other uses of financial resources are recognized when the related liability is incurred.

Governmental adjustment fund types that will build the government-wide financial statements are accounted for using the full accrual basis of accounting. This includes capital assets, accumulated depreciation, and unpaid employee compensable leave and full accrual revenues and expenses. The activity is recognized in these fund types.

Budget and Budgetary Accounting

The budget is prepared biennially and represents appropriations authorized by the legislature and approved by the governor (the General Appropriations Act).

Unencumbered appropriations are generally subject to lapse 60 days after the end of the fiscal year for which they are appropriated.

Assets, Liabilities and Fund Balance/Net Assets

Assets

Cash and Cash Equivalents

Short-term highly liquid investments with an original maturity of three months or less are considered cash equivalents.

Inventories and Prepaid Items

Inventories includes consumable inventories. Inventories are valued at cost, generally using the first-in, first-out method. The consumption method of accounting is used to account for inventories and prepaid items that appear in the governmental fund types. The cost of these items is expensed when the items are consumed.

Capital Assets

Assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year are capitalized. These assets are capitalized at cost or, if purchased, at appraised fair value as of the date of acquisition. Purchases of assets by governmental funds are reported as expenditures. Depreciation is reported on all "exhaustible" assets. Assets are depreciated over the estimated useful life of the asset using the straight-line method.

Other Receivables - Current

The disaggregation of other receivables as reported in the financial statements is shown in Note 25, "Disaggregation of Receivables and Payables Balances".

Liabilities

Accounts Payable

Accounts Payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending.

Employees' Compensable Leave Balances

Employees' compensable leave balances represent the liability that becomes "due" upon the occurrence of relevant events such as resignations, retirements, and uses of leave balances by covered employees. Liabilities are reported separately as either current or noncurrent in the statement of net assets.

Fund Balance/Net Assets

The difference between fund assets and liabilities is "net assets" on the government-wide, proprietary and fiduciary fund statements, and the "fund balance" is the difference between fund assets and liabilities on the governmental fund statements.

Fund Balance Components

Fund balance for governmental funds are classified as nonspendable, restricted, committed, assigned or unassigned in the fund financial statements.

Nonspendable fund balance includes amounts not available to be spent because they are either (1) not in spendable form or (2) legally or contractually required to be maintained intact.

Restricted fund balance includes those resources that have constraints placed on their use through external parties or by law through constitutional provisions.

Committed fund balance can be used only for specific purposes pursuant to constraints imposed by a formal action of the Texas Legislature, the state's highest level of decision making authority.

Assigned fund balance includes amounts constrained by the state's intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by (1) the Texas Legislature or (2) a body (for example, a budget or finance committee) or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes.

Unassigned fund balance is the residual classification for the general fund. This classification represents fund balance that was not assigned to other funds and was not restricted, committed or assigned to specific purposes within the general fund.

Invested in Capital Assets, Net of Related Debt

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation.

Restricted Net Assets

Restricted net assets result when constraints placed on net asset use are either externally imposed by creditors, grantors, contributions and the like or imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Assets

Unrestricted net assets consist of net assets, which do not meet the definition of the two preceding categories. Unrestricted net assets often have constraints on resources, which are imposed by management but can be removed or modified.

Interfund Activities and Balances

The agency has the following types of transactions between funds:

- (1) Transfers: Legally required transfers that are reported when incurred as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund.
- (2) Interfund receivables and payables: Interfund loans are reported as interfund receivables and payables. If payment is due during the current year or soon thereafter, the balance is classified as "current".

The composition of the agency's Interfund activities and balances are presented in Note 12.

Employees' Compensable Leave

A state employee is entitled to be paid for all unused vacation time accrued, in the event of the employee's resignation, dismissal, or separation from state employment, provided the employee has had continuous employment with the state for six months. Expenditures for accumulated annual leave balances are recognized in the period paid or taken in governmental fund types. For these fund types, the liability for unpaid benefits is recorded in the Statement of Net Assets. An expense and liability for proprietary fund types are recorded in the proprietary funds as the benefits accrue to employees. No liability is recorded for non-vesting accumulating rights to receive sick pay benefits.

NOTE 12: INTERFUND ACTIVITY AND TRANSACTIONS

As explained in Note 1 on Interfund Activities and Balances, there are numerous transactions between funds and agencies. At year-end, amounts to be received or paid are reported as:

- Interfund Receivables or Interfund Payables
- Due From Other Agencies or Due to Other Agencies
- Due From Other Funds or Due to Other Funds
- Transfers In or Transfers Out.

Fund Balance/Net Assets September 1, 2022, restated

Legislative Transfers In or Legislative Transfers Out

The agency experienced routine transfers with other state agencies, which were consistent with the activities of the fund making the transfer. Repayment of interfund balances will occur within one year from the date of the financial statement.

Due To and From, Transfers and Legislative Transfers are not required for presentation in this note.

NOTE 13: CONTINUANCE SUBJECT TO REVIEW

The Texas Veterans Commission is subject to Chapter 325, Government Code (Texas Sunset Act). Unless continued in existence as provided by that chapter, the Commission is abolished and this Act expires September 1, 2021. If abolished, the Commission may continue until September 1, 2032, to close out its operations.
